Participant Report

Save time in the loan process and ensure the highest level of accuracy with this proprietary filtering and matching logic.

Each loan participant is checked against thousands of excluded party records.

- For each match, all information returned from the search is provided for you to review and verify.
- Minimal manual key entry needed with integrated LOS or loan file import to search the various required parties involved in the loan process.
- Lenders can search up to 22 watchlists, including GSE required lists and investor-specific lists.
 - SAM-EPLS Database
 - HUD-LDP Database
 - Custom list may be developed per client
